

#### WORDS FROM THE WINERY:

"Our family's vinous heritage and history dates back to 1883 when Salvatore Dominic Scotto, an officer in the Italian Navy, began making wine at his home on the Island of Ischia, just off the coast of Italy. In addition to making wine for his family (a long-held custom in Italy), Salvatore also treated his friends and neighbors to the fruits of his labor".

"Today we are a 5th-generation family owned and managed wine producing company. We take pride in treating our team not only as collaborators but also as family members who are encouraged to think creatively and live with a can-do attitude. For five generations our family has embraced the Old World traditions of sharing meals and celebrating meaningful moments with friends. Wine has always been a centerpiece of these events and a reflection of the Italian heritage we so proudly embrace".

**2016 REGIO Cabernet Sauvignon, Lodi:** This is a medium-bodied gently balanced wine with very ripe fruit flavors and a smooth soft texture. Scotto ferments it in stainless steel and ages it for 18 months in pre-used French oak barrels. Instant pleasure from this California Cabernet Sauvignon.
